

## Shade Net cover

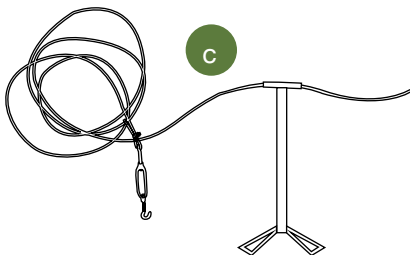

## Packing list

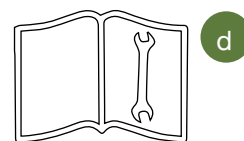

1 x Shade cover

6 x Bullhorn

3 x Cables with pre-fitted T pipes

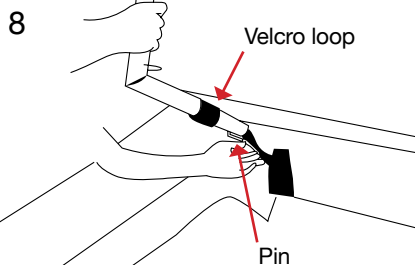

1 x Manual

## Instructions

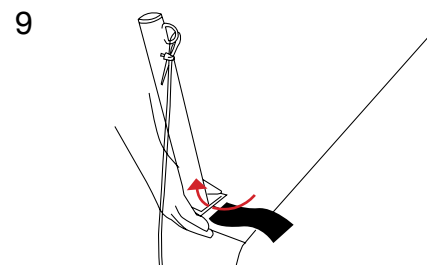

Start with assembly of tent,  
point 1 to 8

(HuggyPRO 42 tent Manual)

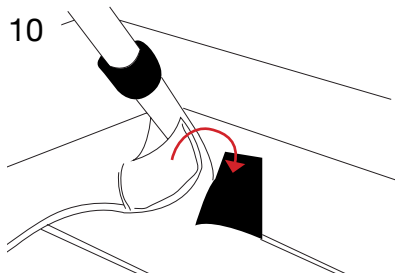

Place bull horn fittings on the three gable end joints.

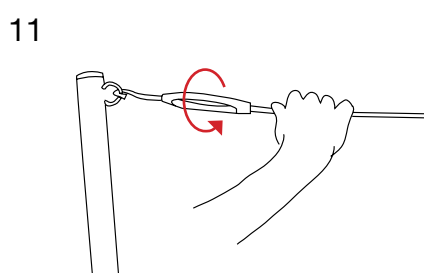

**Note:** ensure that they are inserted through the Velcro loop, and that the pin is inserted through the hole in the roof joint.

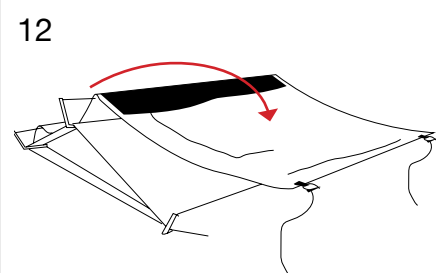

Secure the roof extension panel to the bull horns with the Velcro flap

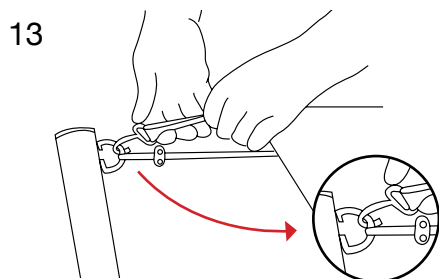

Secure the cuffs around the bull horn fittings with Velcro

Connect the steel wires between each 'bull horn' and turn the tension buckle until the wire is taut

Pull the shade cover over the steel wire cable

Hook the shade cover to the rings on the 'bull horns' and tighten the straps

Continue with point 12  
(HuggyPRO 42 tent Manual)
